We are the Future Homemakers of America. We face the future with warm courage and high hopes. For we are the builders of homes. Homes for America's future, homes where living will be an expression of everything that is good and fair. Homes where truth and love and security and faith will be realities and not dreams.
We are the future homemakers of America.
We face the future with warm courage
and high hopes.

Hal Stout

Faculty

An inspiration in our daily lives, a constant guide in helping us in our college preparation, and an immovable symbol of integrity; this individual is truly deserving of recognition. Without thought or consideration for her personal problems, she has always deemed the problems of the students as more important, giving unselfishly of her time and knowledge to help solve these problems to the best of her ability.

In consideration of this undying devotion to her work, and to the students of Southampton High School, we, the Senior Class of 1963, with utmost gratitude and deepest respect, dedicate this annual, The Nottoway, to Mrs. Betty Miller.
